WHO WE ARE!

Quit Plastic stands as one of the top providers of Biodegradable Disposables both in India and Internationally. Boasting the largest collection of over 140 Sugarcane Bagasse Products in India, we provide services under B2B, D2C, and B2C business models for exports and domestic distribution.

Compostable Tableware Products such as plates, cups, bowls, food containers, meal trays, clamshell boxes, and more. Our disposables are crafted from 100% natural and robust Sugarcane Bagasse, a by-product of sugar mills.

This material is utilized in the creation of high-quality, eco-friendly tableware products. These are highly favored and extensively used in the HoReCa sector and the food packaging industry, including dine-in restaurants and takeaway food deliveries via platforms like Zomato and Swiggy.

These disposables contribute to a zero-waste and carbon-neutral environment. They are safe for use in microwaves and freezers and are capable of securely holding food.
